CONTACT 314 Philip E. Austin Building Phone: (860) 486-4847
Department of Statistics E-mail: kun.chen@uconn.edu
University of Connecticut Web: kun-chen.uconn.edu

EDUCATION *Ph.D. in Statistics* July 2011
Department of Statistics and Actuarial Science, University of Iowa, Iowa
City, Iowa, USA
Thesis: Regularized Multivariate Stochastic Regression
Advisor: Dr. Kung-Sik Chan

M.S. in Statistics July 2007
Department of Mathematics and Statistics, University of Alaska Fairbanks,
Fairbanks, Alaska, USA

B.Econ. in Finance July 2003
Dual B.S. in Computer Science and Technology July 2003
Department of Statistics and Finance, University of Science and Technol-
ogy of China, Hefei, Anhui, China

EMPLOYMENT

08/2018– *Associate Professor (Tenured)*, Department of Statistics, University of Con-
necticut, Storrs, CT

01/2017– *Affiliated Faculty*, Institute for Collaboration on Health, Intervention, and Pol-
icy (InCHIP), University of Connecticut, Storrs, CT

05/2014– *Research Fellow*, Center for Population Health, University of Connecticut Health
Center, Farmington, CT

10/2013– *Affiliated Faculty*, Center for Environmental Sciences and Engineering, Uni-
versity of Connecticut, Storrs, CT

08/2013–08/2018 *Assistant Professor*, Department of Statistics, University of Connecticut, Storrs,
CT

08/2011–08/2013 *Assistant Professor*, Department of Statistics, Kansas State University, Man-
hattan, KS

HONORS & AWARDS

- Recognition for Teaching Excellence, UConn Spr. 2015, Fall 2015, Fall 2016, Fall 2018
- Elected Member of International Statistical Institute (ISI) Since 2015
- Travel Award, IMS New Researchers' Conference. 2014
- Travel Award, Junior Researchers' Workshop at ENAR. 2012

- ENAR Distinguished Student Paper Award, International Biometric Society 2011
- Henry L. Rietz Award, University of Iowa 2009
- Provincial Outstanding College Graduate, Anhui Province, China 2003
- Outstanding Graduate Award, University of Science and Technology of China 2003

RESEARCH INTERESTS

- Large-scale multivariate statistical learning; integrative statistical learning
- Dimension reduction and variable selection
- Statistical computing and optimization
- Time series modeling; business/economics applications
- Population health and healthcare analytics

GRANTS

FUNDED

- Comprehensive heterogeneous response regression from complex data. National Science Foundation ([IIS-1718798](#)). Principal Investigator; \$250,000; 09/01/2017–08/31/2020. Active.
- Improving the identification of patients at risk of suicide. National Institutes of Health ([R01-MH112148](#)). Principal Investigator on sub-award; \$432,886; 07/01/2017–06/30/2020. Active.
- Data Science Lab: Real-world data science problems meet future data scientists. UConn CLAS Fund for Innovative Education in Science. Principal Investigator (with Elizabeth Schifano and Jun Yan); \$65,000; 01/01/2017–12/31/2018. Active.
- Integrative multivariate analysis with multi-view data. National Science Foundation ([DMS-1613295](#)). Principal Investigator; \$150,000; 09/01/2016–08/31/2019. Active.
- An integrative statistics-guided image-based multi-scale lung model. U.S. National Institutes of Health ([U01-HL114494](#)). Principal Investigator on sub-award; \$173,521; 08/01/2013–05/31/2018. Completed.
- Modeling and analysis of large insurance claim and occurrence data: a partnership between UConn & Travelers. Travelers Insurance. Co-Principal Investigator (with Haim Bar, Elizabeth Schifano, Xiaojing Wang and Dipak Dey); \$170,592; 08/01/2017–07/31/2018. Completed.
- Modeling and analysis of large insurance claim and occurrence data: a partnership between UConn & Travelers. Travelers Insurance. Co-Principal Investigator (with Elizabeth Schifano, Xiaojing Wang and Dipak Dey); \$170,592; 08/01/2016–07/31/2017. Completed.
- Structured low rank modeling for multivariate statistical learning. Simons Foundation Collaboration Grants for Mathematicians (#359404). Principal Investigator; \$35,000; 09/2015–08/2020. Completed in 2016 (due to other support).
- Garrett Lee Smith Suicide Prevention. U.S. Substance Abuse and Mental Health Services Administration. Principal Investigator on sub-award; \$20,995; 07/01/2016–12/31/2016. Completed.
- New England eConsult Network. Principal Investigator on sub-award; \$23,207; 01/19/2016–05/30/2016. Completed.
- Integrative multivariate analysis with multiple sets of variables of high dimensionality. UConn Faculty Large Grant. Principal Investigator; \$19,399; 01/01/2014–12/31/2014. Completed.
- High-dimensional multivariate modeling via matrix decomposition and regularization. K-State Faculty Enhancement Award. Principal Investigator; \$10,000; 01/01/2012–12/31/2012. Completed.

SHORT COURSES & TUTORIALS

- “Integrative Multivariate Statistical Learning in Healthcare Research with Real-World Data”. Half-day short course, with Dingfeng Jiang. 2017 ICSA Applied Statistics Symposium, Chicago, IL. June 2017.
- “Practical Integrative Statistical Learning: Recent Developments and Case Studies”. Full-day short course, with Robert Aseltine. The 31th New England Statistics Symposium, Storrs, CT. April 2017.
- “Modern Multivariate Statistical Learning: Methods and Applications”. Full-day short course, with Jun Yan. The 29th New England Statistics Symposium, Storrs, CT. April 2015.

PRESENTATIONS

INVITED TALKS

1. Worcester Polytechnic Institute. October 2019.
2. University of Massachusetts Medical School. September 2019.

3. "Targeted integrative learning via distance segmented regression". Joint Statistical Meeting, Denver, CO. August 2019.
4. "Boosted sparse and low-rank tensor regression". 2019 Symposium on Data Science and Statistics, Seattle, WA. May 2019.
5. "Integrative Survival Analysis with Uncertain Event Times—Towards a Data Driven Suicide Prevention Framework". Department of Biostatistics, Yale University, New Haven, CT. April, 2019.
6. "Integrative Survival Analysis with Uncertain Event Times—Towards a Data Driven Suicide Prevention Framework". Mental Health Data Science, Department of Biostatistics, Columbia University, New York. December 2019.
7. "Integrative statistical learning with real world healthcare data: towards a data driven suicide prevention framework". 2018 Joint Statistical Meeting, Vancouver, Canada. August 2018.
8. "Stagewise Co-Sparse and Low-Rank Matrix Factorization". 2018 ICSA China Conference, Qingdao, China. July 2018.
9. "Sparse Log-Contrast Regression with Functional Compositional Predictors". The 8th International Forum on Statistics, Renmin University of China, Beijing, China. July 2018.
10. "Stagewise Co-Sparse Low-Rank Matrix Decomposition". 2018 ICSA Applied Statistics Symposium. New Brunswick, New Jersey. June 2018.
11. "Sparse Log-Contrast Regression with Functional Compositional Covariates". 2018 Modern Modeling Methods Conference. Storrs, CT. May 2018.
12. "Stagewise Co-Sparse and Low-Rank Matrix Factorization". Baruch College. New York. April 2018.
13. "Integrate, Divide, and Conquer: On Sparse and Low-Rank Multivariate Statistical Learning". School of Statistics, Beijing Normal University. Beijing, China. December 2017.
14. "Integrate, Divide, and Conquer: On Sparse and Low-Rank Multivariate Statistical Learning". School of Statistics, Renmin University of China. Beijing, China. December 2017.
15. "Integrate, Divide, and Conquer: On Sparse and Low-Rank Multivariate Statistical Learning". Health Informatics PIC Distinguished Speaker Series, IBM Watson Research Center, New York. November 2017.
16. "On Sparse and Low-Rank Models for Integrative Multivariate Statistical Learning". Biostatistics and Epidemiology, Weill Cornell Medical College, New York. November 2017.
17. "Dealing with uncertain suicidal deaths due to imperfect data integration: a first step towards a data-driven suicide prevention framework". Department of Mathematics and Statistics, Boston University, Boston, MA. October 2017.
18. "Integrative Cox regression for modeling uncertain survival records due to imperfect data integration". 2017 ICSA Applied Statistical Symposium, Chicago, IL. June 2017.
19. "Leveraging mixed and incomplete outcomes via reduced-rank regression". Modern Modeling Methods Conference, Storrs, CT. May 2017.
20. "On integrative learning of mixed and incomplete data". IMS/ASA Spring Research Conference, Rutgers University, New Brunswick, NJ. May 2017.
21. "Regularized mixture regression with mixed and incomplete outcomes". The 31st New England Statistics Symposium, Storrs, CT. April 2017.
22. "Using hospitalization and suicide mortality data to identify subpopulation of high suicide risk via survival modeling". AMIA 2016 Annual Symposium, Chicago, IL. November 2016.

23. "On large-scale predictive modeling of mixed and incomplete outcomes". Department of Mathematics & Statistics, University of Massachusetts, Amherst, MA. October 2016.
24. "Canonical variate regression for integrative analysis of genomics data".
 - Joint Statistical Meeting, Chicago. Topic-contributed session. August 2016.
 - Department of Biostatistics, Columbia University. Guest lecture. May 2016.
26. "Model diagnostics in reduced rank estimation". ICSA Applied Statistics Symposium, Atlanta, GA. June 2016.
27. "Robust multivariate mixture model via mean-shift penalization". Modern Modeling Methods Conference, Storrs, CT. May 2016.
28. "A tailored robust multivariate clustering approach via mean-shift penalization". Center for Statistical Science, Peking University, Beijing, China. May 2016.
29. "Sequential estimation in sparse factor regression".
 - ICSA Conference on Data Science, Yunnan, China. July 2016.
 - Conference on Statistical Learning and Data Science, University of North Carolina at Chapel Hill. June, 2016.
 - Big Statistics & Data Science Joint Conference, Renmin University, China. May 2016.
 - Department of Statistics, Florida State University. April 2016.
 - Department of Mathematics and Statistics, Boston University. April 2016.
 - Department of Statistics, University of South Carolina. March 2016.
35. "Canonical variate regression".
 - Department of Statistics, University of Missouri Columbia. September 2015.
 - 60th World Statistics Congress (ISI 2015). August 2015.
37. "Linking lung airway structure to pulmonary function via hierarchical feature selection." ICSA Applied Statistics Symposium and 13th Graybill Conference, Fort Collins, CO. June 2015.
38. "Some recent developments on reduced rank modeling". Department of Mathematical Sciences, Worcester Polytechnic Institute, Worcester, MA. November 2014.
39. "On sparse and low-rank estimation in high dimensions". Department of Statistics, Kansas State University, Manhattan, KS. October 2014.
40. "On some low-rank models in multivariate time series analysis". International Conference on Advances in Interdisciplinary Statistics and Combinatorics, Greensboro, NC. October 2014.
41. "Sparse and orthogonal factor regression". 16th Meeting of New Researchers in Statistics and Probability. Harvard University, Boston, MA. August 2014.
42. "Sparse orthogonal factor regression in high dimensions with an application to eQTL data analysis".
 - WNAR Annual Meeting, Honolulu, HI. June 2014.
 - The 6th International Statistics Forum at Renmin University, Beijing, China. May 2014.
44. "Some recent developments on multivariate modeling". University of Science and Technology of China, Hefei, Anhui, China. May 2014.
45. "Sparse and low-rank regression in high dimensions. BIRS Workshop on Statistical and Computational Theory and Methodology for Big Data Analysis, Banff International Research Station, Banff, Alberta, Canada. February 2014.

46. "Source-sink reconstruction through regularized multi-component regression".
 - Department of Biostatistics, Brown University, Providence, RI. September, 2013.
 - IMS-China International Conference on Statistics and Probability, Chengdu, China. July 2013.
 - Department of Statistics, University of Connecticut, Storrs, CT. February 2013.
49. "Reduced rank estimation and its extensions". College of Mathematics and Software, Sichuan Normal University, Chengdu, China. June 2013.
50. "Adaptive reduced-rank estimation and its complexity". Department of Statistics and Actuarial Science, University of Iowa, Iowa City, IA. November 2012.
51. "Statistical source-sink reconstruction". Department of Statistics, Kansas State University, Manhattan, KS. October 2012.
52. "Regularized multivariate regression for rank reduction and variable selection". ICSA Applied Statistics Symposium, Boston, MA. June 2012.
53. "Some dimension reduction methods in high-dimensional multivariate regression". Department of Mathematics, Kansas State University, Manhattan, KS. April 2012.
54. "Reduced-rank stochastic regression with sparse singular value decomposition".
 - Distinguished Student Paper Award, ENAR Spring Meeting, Miami, FL. March 2011.
 - Department of Statistics, Kansas State University, Manhattan, KS. February 2011.
 - Department of Statistics, Oregon State University, Corvallis, OR. February 2011.
 - Department of Mathematics, Wake Forest University, Winston-Salem, NC. February 2011.
 - Department of Statistics, University of Wyoming, Laramie, WY. January 2011.
 - Department of Statistics, Western Michigan University, Kalamazoo, MI. January 2011.
 - Department of Statistics & Actuarial Science, University of Iowa, Iowa City, IA. September 2010.
61. "Statistical methods, cellular automata models and wavelets". International Workshop on Predator-prey Interactions in Marine Ecosystems, Oregon State University, Corvallis, OR. March 2010.

CONTRIBUTED TALKS

62. "Consistent bi-level variable selection via composite bridge regression". ENAR Spring Meeting, Baltimore, MD. February 2014.
63. "High dimensional multivariate regression via singular value decomposition". Frontiers in Biostatistical Methods Symposium, Kansas City, KS. May 2012.
64. "Simultaneous rank determination and variable selection in multivariate regression". ENAR Spring Meeting, Washington, DC. March 2012.
65. "Subset ARMA selection via regularization". Joint Statistical Meeting, Miami, FL. August 2011.
66. "Reduced-rank stochastic regression with a sparse singular value decomposition – Modeling larval drift effects on cod population dynamics as a case study". Joint Statistical Meeting, Vancouver, BC. August 2010.

67. "Scale-specific modeling using wavelets". Comparative Analysis of Marine Ecosystem Organization (CAMEO) Project Meeting, National Oceanic and Atmospheric Administration (NOAA), Seattle, WA. June 2009.

POSTERS

68. "Canonical variate regression". With Chongliang Luo, Jin Liu and Dipak Dey. The 29th New England Statistical Symposium, Storrs, CT. April 2015.
69. "Significant lung airway feature extraction via composite bridge regression: how airway remodeling impairs asthma quality of life". With Chan K. S., Hoffman E. and Lin C-L. Multiscale Modeling Consortium Meeting, Rockville, MD. September 2014.
70. "Sparse orthogonal factor regression". 16th Meeting of New Researchers in Statistics and Probability, Harvard University, Boston, MA. August 2014.
71. "Research highlights in statistical ecology". GLISEN (Joint University meeting between UConn and Stony Brook University), Groton, CT. October 2013.
72. "Lung-airway data interrogation via cluster analysis". With Chan K. S., Hoffman E. and Lin C-L. Multiscale Modeling Consortium Meeting, Rockville, MD. October 2011.
73. "Some MCMC algorithms for the Gibbs posterior". Third Midwest Statistics Research Colloquium, University of Chicago. March 2010.

STUDENTS

PH.D.

GRADUATED

- Chun Yu, K-State Statistics (defended May 2014). Robust mixture regression model. (Joint with Weixin Yao). Assistant Professor, Jiangxi University of Finance and Economics, Jiangxi, China.
- Xiuqin Bai, K-State Statistics (defended June 2014) Robust mixture linear mixed effect model with repeated measure. (Joint with Weixin Yao). Assistant Professor, Eastern Washington University, Cheney, WA.
- Gregory Vaughan, UConn Statistics (defended July 2017). Stagewise generalized estimating equations. (Joint with Jun Yan). Assistant Professor, Bentley University, Waltham, MA.
- Chongliang Luo, UConn Statistics (defended July 2017). On integrative reduced-rank models and applications. (Joint with Dipak Dey). Postdoc Fellow, Department of Biostatistics, University of Pennsylvania.
- Aditya Mishra, UConn Statistics (defended August 2017). On sequential estimation of multivariate associations. (Joint with Dipak Dey). Flatiron Research Fellow, Flatiron Institute, Simons Foundation.
- Wenjie Wang, UConn Statistics (defended August 2019). Integrative survival analysis. Joint with Jun Yan. Eli Lilly and Company.

CURRENT

- Yan Li, UConn Statistics (2016-). Joint with Jun Yan.
- Zhe Sun, UConn Statistics (2016-).
- Xiaokang Liu, UConn Statistics (2017-).

- Wanwan Xu, UConn Statistics (2017–).
- Biju Wang, UConn Statistics (2018–).
- SERVING/SERVED AS ASSOCIATE ADVISER
- Brian Bader (PhD in Statistics, UConn, 2016).
- Yaohua Zhang (PhD in Statistics, UConn, 2017).
- Yiyun Chen (PhD in Psychology, UConn, 2018).
- Paul McLaughlin (PhD in Statistics, UConn, 2019).

M.S.

- Indu Seetharaman, K-State Statistics (defended May 2013). Composite bridge regression for bi-level selection.
- Rohan Khatavkar, K-State Statistics (defended June 2013). Sparse and orthogonal singular value decomposition.

VISITING SCHOLAR

- Jian Liang, Tsinghua University, Beijing, China. 03/2016–09/2016.

STUDENT ACHIEVEMENTS & AWARDS

- Yan Li, IBM Student Paper Award, from the 33rd New England Statistics Symposium in 2019.
- Xiaokang Liu, IBM Student Paper Award, from the 33rd New England Statistics Symposium in 2019.
- Xiaokang Liu, Honorable Mention in Student Poster Competition, from the Fourth International Workshop on the Statistical Analyses of Multi-outcome Data (SAM 2018).
- Wanwan Xu, Honorable Mention in Student Poster Competition, from the Fourth International Workshop on the Statistical Analyses of Multi-outcome Data (SAM 2018).
- Wenjie Wang, Student Paper Award, from the 31st New England Statistics Symposium in 2017.
- Gregory Vaughan, Student Paper Award, from the Mental Health Section of the American Statistical Association in 2017.
- Chongliang Luo, Student Paper Award, from the International Chinese Statistical Association in 2015.
- Gyuhyeong Goh, Student Paper Award, from the Section on Bayesian Statistical Science of the American Statistical Association in 2015.

PROFESSIONAL ASSOCIATIONS

- Member, New England Statistical Society (NESS) 2017–
- Elected Member, International Statistical Institute (ISI) 2015–
- Member, International Society for Business and Industrial Statistics (ISBIS) 2015–
- Member, International Biometrics Society, ENAR 2010–
- Member, International Chinese Statistical Association (ICSA) 2010–

- Member, Institute of Mathematical Statistics (IMS) 2009–
- Member, American Statistical Association (ASA) 2006–

PROFESSIONAL ACTIVITIES

POSITIONS

- Secretary, New England Statistical Society (NESS) 2017–
- Member, Connecticut All-Payer Claims Database (APCD) Data Release Committee (DRC),
Access Health CT 2017–

EDITORIAL WORK

- Associate Editor, *Sankhya Series B* 2016–
- Co-Editor, 2015 ICSA Symposium Proceeding Book 2015

REFEREE SERVICE

I've reviewed more than fifty papers for top statistical and machine learning journals. Below is a selected list.

- *Annals of Applied Statistics*
- *Annals of Statistics*
- *Biometrics*
- *Biometrika*
- *Journal of Business and Economic Statistics*
- *Journal of Computational and Graphical Statistics*
- *Journal of Machine Learning Research*
- *Journal of Multivariate Analysis*
- *Journal of Nonparametric Statistics*
- *Journal of the American Statistical Association*
- *Journal of the Royal Statistical Society: Series B*
- *Statistics and Computing*
- *Statistics in Medicine*
- *Statistica Sinica*
- *Technometrics*

CONFERENCE SERVICE

- Organizing Committee. New England Rare Disease Statistics (NERDS) Workshop. 2019.
- Organizing Committee. UConn Sports Analytics Conference. 2019.
- Organizing Committee. ASA-BI-NESS Webinar Series. 2019.
- Program Committee. The 33rd New England Statistics Symposium, Hartford, CT. May 2019.
- Organizing Committee. The 3rd Stat4Onc Annual Symposium, Hartford, CT. April 2019.
- Organizing Committee (Co-Chair). Conference on Bayesian Modeling, Computation, and Applications, Storrs, CT. May 2018.
- Organizing Committee; full-day short course instructor. The 31th New England Statistical Symposium, Storrs, CT. April 2017.

- Panelist on career development; judge on poster competition. The 30th New England Statistical Symposium, New Haven, CT. April 2016.
- Invited Session Organizer; session chair. ICSA Applied Statistics Symposium and 13th Graybill Conference, Fort Collins, CO. June 2015.
- Full-day short course instructor; invited session organizer; judge on student paper competition; judge on poster competition. The 29th New England Statistical Symposium, Storrs, CT. April 2015.
- Invited Session organizer, The 6th International Statistics Forum, Renmin University of China, May 2014, Beijing, China.
- Session chair, BIRS Big Data Workshop, February 2014, Banff, Calgary, Canada.
- Session chair, 2012 ENAR Meeting in Washington, DC

UNIVERSITY & DEPARTMENT SERVICE

AT UCONN

- Member, Committee of the University General Education Oversight Committee 2018–
- Co-Chair, Q-Subcommittee of the University General Education Oversight Committee 2018–
- Member, Q-Subcommittee of the University General Education Oversight Committee 2014–
- Chair, Department Undergraduate Curriculum Committee 2016–
- Member, CLAS Curriculum & Course Committee 2016–2018
- Chair, Committee on New England Statistical Society 2016–2017
- Member, Department Colloquium Committee 2014–2018
- Member, Department 3 + 1 Admission Committee 2014–
- Member, Department Graduate Admissions Committee 2013–

AT K-STATE

- Chair, Ph.D. Exam Committee on Linear Models 2012–2013
- Chair, Department Seminar Spring 2013
- Member, Student Assessment Committee 2011–2013
- Member, Departmental Scholarships and Awards Committee 2011–2012
- Member, Graduate Student Progress Committee 2011–2012
